

MISSISSAUGA TERRIERS

HOCKEY CLUB

COMMITMENT

The Mississauga Terriers Hockey Club takes pride in its core values and most importantly it starts with COMMITMENT! Once a player and their family become part of the Terrier organization a true commitment from all stakeholders is made. That commitment starts with the understanding that all Terriers will strive to uphold the values of the organization, but first and foremost in the core believe that we are committed to one of the most important tenants in life, that being respect. We are committed to upholding respect for the game, respect for each other and respect for what the game teaches us; to win and loose with humility, overcoming adversity with dignity and a commitment to becoming better players and people because of opportunities that the game of hockey provides us with. As a Terrier family we stand by our commitment, and we always remain steadfast in our efforts to hold everyone in our organization accountable to that same standard.
