

# MISSISSAUGA TERRIERS

HOCKEY CLUB

## INCLUSION

There is not a single more important task that we are invested in as part of the Mississauga Terriers Hockey Club than that of making sure we create and maintain an **INCLUSIVE** environment for **ALL** to feel welcome, respected and valued. We strive in every aspect of our organization to uphold the values of inclusion and in doing so create a climate where diverse voices are present and, most importantly, heard! Just as important as our own journey is the fact that we are committed to learning from and joining Hockey Canada in its journey to, “ensure hockey is diverse, welcoming and inclusive for all.” We also share in Hockey Canada’s, “strong belief that building a diverse and inclusive culture is a journey,” and that we will, “invest to combat all forms of discrimination and engage with our diverse communities to help Make Hockey More.”
